SUMMARY

Full stack developer with expertise in the MERN stack, WordPress, and programming skills in C++ and Python. Actively learning from FreeCodeCamp and GeeksforGeeks. Looking to contribute to a dynamic and innovative team, with the ability to work collaboratively and deliver impactful results.

EXPERIENCE

Web Dev Intern

Gao Tek

November 2024 - Present

- **Utilized WooCommerce Plugins:** Leveraged plugins to enhance the eCommerce platform, improving user interface and user experience (UI/UX).
- **Optimized Database Queries:** Improved MySQL query performance, reducing load times and increasing data retrieval efficiency.
- **Implemented Responsive Design:** Ensured the website was fully responsive, optimizing it for various devices to enhance accessibility and engagement.

PROJECTS

Portfolio Website

grand-pithivier-1ebfe7.netlify.app/

- **Ensured Cross-Platform Accessibility:** Utilized responsive web design techniques and JavaScript optimization to ensure cross-platform accessibility and functionality.
- **Optimized Website Responsiveness:** Enhanced website responsiveness and user experience, resulting in a robust online presence that showcases front-end development skills.
- **Engineered Responsive Design:** Developed sleek and responsive designs using HTML, CSS, and JavaScript, and monitored version control through GitHub.

QR Code Generator

qr-easy.vercel.app/ • October 2024 - November 2024

- **Developed QReasy:** A simple and efficient QR code generator built with TypeScript, React, react-qr-code, Aceternity UI, and Tailwind CSS.
- **Customizable QR Codes:** Enabled users to generate QR codes tailored to their specific needs, including adjusting colors, sizes, and embedded data.
- **Responsive Design:** Created a sleek and responsive user interface, ensuring a smooth experience across various devices and screen sizes.

College Management Site

January 2023 - April 2024

- Developed a comprehensive web application to streamline student learning and faculty organization.
- Led a team in designing and building features for lecture delivery, attendance tracking, note sharing, quizzes, tests, and more.
- Implemented a secure and scalable **MERN stack** architecture to manage student and faculty data.

EDUCATION

Bachelor of Technology - Computer Science & Engineering

Loknayak Jai Prakash Institute of Technology • Chapra, Bihar • 2023 • 7.86 CGPA

COURSEWORK

Responsive Web Design

FreeCodeCamp • 2024 • HTML, CSS, JS &

Javascript-Algorithms-And-Data-Structures

FreeCodeCamp • 2024 • Javascript, Algorithms and Data Structures
