EXPERIENCE

Web Dev Intern

Gao Tek   **November 2024 - Present**

· **Utilized WooCommerce Plugins:** Leveraged plugins to enhance the eCommerce platform, improving user interface and user experience.
· **Optimized Database Queries:** Improved MySQL query performance, reducing load times and increasing data retrieval efficiency.
· **Implemented Responsive Design:** Ensured the website was fully responsive, optimizing it for various devices to enhance accessibility and engagement.

EDUCATION

Bachelor of Technology – Computer Science & Engineering

Loknayak Jai Prakash Institute of Technology · Chapra, Bihar · 2023 · 7.86 CGPA

PROJECTS

Air Ticket Website

airlinesofficehub.com/
· AirlinesOfficeHub.com showcases airline information like contact details and destination overviews.
· By streamlining booking and providing guides, we remove travel friction.

QR Code Generator

qr-easy.vercel.app/
· Developed QReasy: A simple and efficient QR code generator built with TypeScript, React, react-qr-code, Aceternity UI, and Tailwind CSS.
· Customizable QR Codes: Enabled users to generate QR codes tailored to their specific needs, including adjusting colors, sizes, and embedded data.

Spread Sheet

priyanshu-solon.github.io/spreadSheet/
A simple web-based spreadsheet for organizing and manipulating data.
